THE ROLE OF 4-H IN THE COUNTY FAIR

Fairs are an opportunity for Iowa's most valuable resource – PEOPLE – to have a unique 4-H learning experience. Fairs provide:

- Learning and fellowship through **Evaluation, Education, and Encouragement** – for 4-H'ers, their families, 4-H volunteers and the public.
- A “showcase” for the public to see “4-H in action” and become familiar with the total scope of the Iowa Youth and 4-H Program.

Since 4-H focuses on people, the growth and learning of each individual is more important than the outcome of a competitive event, product, article or animal exhibited. Exhibits and fair activities should provide an opportunity for youth in all types of 4-H clubs and groups to educate others about what they have learned by being involved in 4-H. Our challenge is to merge the traditional orientation of fairs (products, livestock and competitive events) with 4-H'ers commitment to the individual growth and life skill development of youth.

GENERAL 4-H & FFA LIVESTOCK RULES AND REGULATIONS

Qualifications of 4-H/FFA Members

1. All exhibitors must be 4-H or FFA members in Kindergarten through 12th grade youth who participate in a 4-H program/activity designed to include a minimum of 4 meetings and/or 6 hours of intentional, youth development learning experiences with a caring adult or one of the following FFA chapters: North Fayette Valley, Oelwein, Postville, Starmont, Sumner-Fredericksburg, Turkey Valley or Wapsie Valley by May 1 of the current year.
2. FFA members must be in good standing and projects must be under the supervision of their FFA advisor and are allowed to show until age 21 or 3 years following their high school graduation.
3. Exhibits previously entered in an FFA Ag Science Fair or any other FFA event or competition may not be entered in any 4-H exhibit class.
4. 4-H and FFA members in 4th-12th grades (or that equivalent) are eligible to participate in livestock and static activities. Clover Kid members in grades Kindergarten – 3rd grades (or that equivalent) are eligible to participate in Clover Kids small animal and static activities.
5. Only 4-H livestock projects identified through 4-HOnline or FFA identification forms/weigh-in sheets on file at the Fayette County Extension Office by May 15 of the current year may be exhibited.
6. 4-H & FFA membership is open to all youth without regard to race, color, national origin, religion, sex, age or disability.
7. **All livestock exhibitors must have Youth for the Quality Care of Animals (YQCA) certification by June 15 to be eligible to exhibit at the Fayette County Fair.** Fair entries for livestock will not be accepted until YQCA is complete.

Livestock Identification and Ownership

8. All animals must be owned by the exhibitor or in partnership with a family member and identified to an individual 4-H or FFA member by May 15 of the current year. When registration papers are involved, the papers must either be in the exhibitor's name or show a logical family relationship. Animals changing ownership or leasing after being identified as a project are ineligible to be

exhibited for that year. Animals may be exhibited by only one exhibitor. **Exception: see the “ownership requirements” section of the 4-H 202 <https://store.extension.iastate.edu/product/194> for horses and dogs.** An animal may be identified by only one 4-H or FFA member.

9. Exhibitors may substitute animals, due to health-related conditions, provided the substituted animal is weighed-in and/or is listed in 4-HOnline or on their identification form on file at the Extension Office by May 15.
- 10. If a substitute showperson is needed, they must have prior approval from Extension staff/superintendent and the exhibitor who identified the animal must be in or near ring during show. Substitute showperson must be an enrolled Fayette County 4-H/FFA member.**
11. No animal is eligible for exhibition in a 4-H & FFA show at the Fayette County Fair if it has previously been shown as a 4-H or FFA project in another county in the current year (does not include the Big 4 Fair).
12. Fayette County Share-A-Project Agreement – The objective of the Share-A-Project agreement is to allow 4-H’ers who cannot house or own a large animal (beef, sheep, dairy, swine, sheep, horse, etc.) to show at the fair. Share-A-Project will allow exhibitors to make a written agreement with someone owning large animals and exhibit an animal at the fair as long as the requirements of the agreement were fulfilled. **4-H members are allowed two animals per species and must not have any other animals of that species in their name.** Share-A-Project Agreement Forms are due by May 15, of the current year along with livestock ID’d through 4-HOnline or on a FFA identification form and a photo of the animal. These animals are not eligible for State Fair.
